

## Septic Education (Valley CD)

Program	Water Quality Implementation		
Lead Implementer	Valley Conservation District		
Funders	Idaho Soil and Water Conservation Commission		
Project Primary Contact	Loretta Strickland (loretta.strickland@swc.idaho.gov)		
Project Stage	Deferred	Duration	2020 - 2021
Estimated Total Cost	\$150,000.00	Secured Funding	\$0.00
No Funding Source Identified Yet	\$0.00	Targeted Funding	\$150,000.00

### Natural Resource Projects & Practices ➤ Water Quality Implementation

This project is to conduct a ground water and lake water investigation to determine septic contribution to lake nutrients and secondly, a media campaign to educate and make people aware of the environmental situation, explain toxic algae relation to septic leach field nitrates as a sense of importance and the septic contribution to the lakes problem.

*No Key Photo provided*

It addresses Lake Cascade toxic algae and septic nutrient loading. This projects supports the IDEQ Lake Cascade septic system improvements (Ref: 2000 IDEQ Implementation Plan) to reduce nutrient loading in the lake.

#### Targeted Performance Measure

*No Expected Accomplishments provided*

#### Project Themes

- Water

#### Location

#### Budget
